

2016 Reserve Chardonnay

The vineyards of Seville Estate are located in the cooler, southern regions of the Yarra Valley. As a result, our Chardonnay style is crisper, tighter in structure with citrus fruit characters. This is 100% Estate grown Chardonnay. A mild start to the growing season with October and November producing some beautifully warm Spring days coupled with good rainfall. This lay the foundation for a great start to the season and a kick start to growth in the vineyard. Mild weather conditions with light winds followed through flowering which meant a high percentage of fruit set was achieved.

2016 Old Vine Reserve Pinot Noir

The 2016 vintage was short and compressed with larger than expected crops, causing havoc and mayhem in the winery during vintage. After the dust had settled and some normality had been restored we were able to look back at what had transpired. What we found surprised us, we had originally thought with the dry season and quick ripening the wines would look concentrated and dense but instead we saw balanced wines with lifted fruits and fine tannins.

Tasting Notes

Deep red with a pale purple hue. Beautifully perfumed showing bright red fruits, spice, floral and slight earthy tones. The palate is complex showing multi layered characters of red fruits, savoury whole bunch, nutmeg spice and smoky bacon. Tannins are fine adding structure and texture to the wine, good natural acidity gives freshness, definition and length to the finish. A beautiful Pinot Noir worthy of the 'Reserve Label'.

Drink 2017–2022.

2015 Old Vine Reserve Shiraz

A mild start to the growing season with October and November producing some beautifully warm Spring days coupled with good rainfall. This lay the foundation for a great start to the season and a kick start to growth in the vineyard. Mild weather conditions with light winds followed through flowering which meant a high percentage of fruit set was achieved.

Tasting Notes

Dark crimson red with a slight purple hue. Amazingly aromatic showing all spice, sweet red fruits, rhubarb and earthiness. The wine is elegant and refined with complex layered textures that dance across the palate adding depth and intrigue. The tannins are structured but fine adding a slight dustiness to the finish. The acidity gives freshness to the wine while the whole bunch component improves sweet fruits, earthiness and savouriness that are well integrated. A complex and lifted style that will improve with cellaring.

Drink 2020–2030.

2015 Old Vine Reserve Cabernet Sauvignon

The 2015 vintage was a great year that produced astounding wines across all varieties with good quantities. Great quality and quantity has not been seen in the Yarra Valley for some years and was gladly welcomed by the industry including the growers and accountants.

Tasting Notes

The colour is dark red with youthful purple tints evident. Perfumed with dark cherry, coco and spice, subtle oak sweetness adds lift and complexity. The palate is finely structured with ripe dusty tannins and red berry fruits. A tobacco savouriness that adds depth and complexity while the acid maintains freshness and adds brightness in the wine. A complex layered Cabernet that will award medium to long term ageing.

Drink 2018–2030.
