## Seville Estate Wine Club Wine Allocations & Rewards

---

This year's allocation has been carefully curated to include wines across the range. Each pack offers a selection of wines that suit all occasions, from easy drinking, something special and wines for the cellar. We have also included exclusive access to museum releases, offering insight to the aging potential of our wines.

This year we have selected some older Dr McMahon and Reserve Shiraz as the museum releases, the 2011 and 2013 vintages have been carefully cellared and are showing some lovely characteristics the 2011 some incredible perfume and the 2013 beautiful restrained tannin and structure. We have also selected some Chardonnay from the 2016 vintage, these wines are all drinking beautifully and will reward more careful cellaring.

By signing up you will receive 500 points and with each allocation be presented with an Optional Upgrade enabling access to rare and often sold out wines and gain bonus points.

Points can be redeemed on a variety of experiences at the property, giving you a chance to submerge your senses in all things Seville Estate. From tastings to overnight stays and an invite to our annual dinner where we celebrate the bounty of harvest and taste new releases straight from the cellar.

We look forward to sharing our wines and a continued relationship with friends whom enjoy them most!
